

Description

SIC-Lazaro is seeking a 1st shift Fabricator/Machine Operator to enhance our steel fabrication capabilities.

Based in Milwaukee, SIC-Lazaro produces counterweights and high-quality steel fabrications for heavy duty machinery manufacturers of “Yellow Goods” – including construction and earth moving equipment, quarrying equipment, fork lift trucks and more.

As part of our steel fabrication team, you will set up and run a CNC press brake and roller, ensuring all components created meet exact specifications.

SCI Lazaro is an Equal Opportunity / Drug Free Workplace

Requirements

- Must have experience setting up and running CNC press brake and roller.
- Helps design and construct templates and fixtures
- Able to work with gage steel through to thick plate
- Forklift operation
- Other duties as assigned or directed by Management
- Assist with welding of weldments a plus but not necessary

QUALIFICATIONS

- Minimum of 5 years of experience
- Overhead crane and forklift certified a plus
- Strong math skills, ability to read a tape measure, and an understanding of blue prints
- Knowledge of machines and tools, comfort working with hand tools, grinder, torch, etc.
- Strong problem solving and critical thinking skills
- Ability to prioritize and multitask

Benefits

As a fulltime, regular employee, you are eligible to receive company sponsored health and welfare benefits, including but not limited to, health, dental and vision insurance and participation in the company's IRA plan.
